

## Goals, Objectives and Strategies

**Early Learning:** Strengthen early learning in the district and community by bringing together pre-school through 3<sup>rd</sup> grade resources, staff and programs.

**21<sup>st</sup> Century Learning:** Expand 21<sup>st</sup> Century Learning experiences for all students through STEAM (Science, Technology, Engineering, Arts and Mathematics), and increasing access to technology devices.

**Opportunities for Learning:** Continue to provide students a wide variety of educational opportunities for learning in the classroom and through extra-curricular activities.

**Professional Development:** Improve student learning through the implementation of ongoing professional development and training for all district staff.

**Facilities Plan:** Fulfill the district's facility plan of new construction and grade level realignment with fiscal responsibility, clear communication and collaboration.
